

About Us

The Women of Excellence is a dynamic subgroup of the Michigan Osteopathic Association dedicated to empowering and supporting female Doctors of Osteopathic Medicine. We

believe in fostering a strong community where women can connect, share experiences, and uplift one another in their professional journeys. Through

mentorship and networking opportunities, we aim to create a nurturing environment that addresses the unique challenges

women face in the medical field. By

promoting collaboration and dialogue, we strive to cultivate leadership skills and encourage active participation among our

members, ensuring that women in Osteopathic Medicine not only thrive but also lead the way for future generations. Together, we're committed to making a lasting impact within the Michigan Osteopathic Association and beyond.

“

Never doubt that a small group of thoughtful committed citizens can change the world. Indeed, it is the only thing that ever has. - Margaret Mead, PhD

Our Objectives

- 1 To Actively Engage Women Members and Leaders in the Michigan Osteopathic Association
- 2 To Identify Challenges Specific to Women When Working to Become Involved and Stay Involved
- 3 To Present Actionable Items That can be Implemented This Year to Specifically Support and Encourage Women in the Michigan Osteopathic Association
- 4 To Extend on a Broader Scale the Successful Methods Identified Here to Women in Other Community Activities, Leadership Roles and Membership Organizations

Osteopathic Women Leaders Institute (OWL)

The institute supports female osteopathic physicians by providing essential tools for success in their professional and personal lives, including online and live CME, leadership training, resources, and mentorship. Its mission is to advance women's professional representation through engagement, leadership, and mentorship, fostering opportunities for personal growth, wellness, and collaboration. The vision is to inspire women to become leaders, address gender-specific challenges, and actively engage within the Michigan Osteopathic Association.
